APPIANI: THE EXCLUSIVE FORZA FORNI TILE

Appiani ceramic and metallic tile offers unique technical and aesthetic features, and are incredibly durable. Precious Italian enamels and clays are ground then joined together by co-penetration through dry pressing. The final product is a high-end tile which is extremely resistant to blows, abrasion and heat — perfect for Fiero Forni ovens.

150 YEARS OF EXPERIENCE

Founded in Treviso — a Venetian city in Italy — in 1873, Ceramica Appiani has always stood out to the Italian and international markets for its ability to innovate and quality tile collections. Fiero Forni has chosen Appiani ceramic mosaic and metallic tiles exclusively for all of our current ovens.
